Works with iPhone

Highlights

In-line remote with mic
Want to skip a track? Change the volume? Accept or reject a call? Record a voice memo? The remote features a sensitive mic as well as volume controls, call and skip functions. It can also trigger voice control. With this headset control is at your fingertips - no need to keep your iPhone or iPod accessible or to unlock the screen.

Hear every detail
Large, tuned speakers accurately reproduce every detail with strong bass.

Foldable and lightweight
Your ideal companion on the go: Padded headband for comfort, folds flat for travel and easy storage. Made from ultra lightweight materials this headset is a pleasure to wear.

Closed type design
Sounds around you are perfectly blocked out while the sound from the headphone is kept in a sealed chamber for perfect quality. This makes the headphones great for monitoring during live music or recording sessions.

Headband padding
The soft materials used for the headband cushion ensure comfortable prolonged use.

Comfort ear cushions
The special shape and luxurious materials used for the ear cushions ensure a perfect fit for maximum comfort. They prevent audio leakage and enhance bass performance too. The ear cushions are shaped in such a way that they perfectly align with the area around a person's ear.
